5.2 Feed Safety Policy

- a) Reindeer Organics LLP has defined and documented its policy with regard to Feed safety, thereby demonstrating the organization's commitment to safe Feed. It is focused on the safety of Feedstuffs, and responds to the expectations and needs of its customers and consumers.
- b) Feed Safety Objectives include concrete, S.M.A.R.T., objectives and / or proposed actions to ensure and improve the Feed safety for the corresponding period mentioned.
- c) Reindeer Organics LLP. ensures the policy & objectives are understood, implemented and maintained at all levels of the organization. This is done through suitable means like displaying on boards and conducting meetings, via departmental heads, etc. Employees are advised of the policy & objectives on joining the company and/or during training. Feed Safety Policy forms the basis for formulation of Feed Safety objectives at relevant departments
- d) Feed Safety Policy and Feed Safety objectives are reviewed in Management Reviewmeetings once in 06 monthsto ensure their continuing suitability. It is ensured that the Feed Safety Objectives only shall be the departmental objectives.

FEED SAFETY POLICY

We at Reindeer Organics LLP. are committed to achieve our Organizational Goal by implementing Feed Safety Policy in providing safe and nutritious Feed to our beneficiaries.

We shall achieve it by:-

- Imparting training to all employees on FSMS aspects.
- Procure raw materials which would be safe and nutritious and according to Feed safety standards.
- Follow all statutory and regulatory requirements of Feed industry and implement Feed Safety Management System., in Feed Production areas.
- Introducing a safe and on-time delivery mechanism.
